# SPEEDYMASK

## 2 in 1

PROTECTIVE MASKING FILM  
AND SELF ADHESIVE TAPE IN 1

- saves time - up to 50%
- easy to apply
- clean removable

### PROPERTIES

- total surface protection while painting, plastering etc.
- excellent cling characteristics even on ceiling applications thanks to the static film
- for use inside and outside
- available with anti-slip film for floor applications
- can be folded out to a length up to 2700 mm.
- good adhesion to all surfaces
- rolls individually packed in protective shrink film
- user-friendly due to pre-folded film and practical dispenser
- considerable reduction of waste volume in comparison to paper
