

Different types of applications:

- Plaster
- Fire Protection Products
- Render
- Grout
- Micro Concrete

The Euromair MixPro 100 Paddle Mixer is available in 110V or 230V and is equipped with a simple control panel allowing you to adjust rotation speed and accurately measure used water quantities. The machine automatically changes the direction of mixing for an increased quality mix of the product. At CES Hire we are a UK dealer for Euromair machinery.

Technical data:	
Hopper capacity:	100 Litres
Motor Power	2.2 Kw
Rotation Speed (Forward and Reverse)	36 to 84 RPM
Water Dosage	Intergrated
Electrical Supply	110v 16A (Also available in 230v)
Current	6.5 Amp
Dimensions (L x W x H)	1290 x 740 x 840 mm
Dimensions extended (L x W x H)	1290 x 740 x 1260 mm
Weight	107 Kg
